Dylan,

For this item, could you provide a list of the small tanks that would fall into this category, with just the tank capacity and material stored (essentially just responses to B.6. a, c, & d)? If we think it's necessary to obtain the information for the other items under B.6, we could request that from you after we review the list.

Thanks,

Natalie

Subject: Request to Provide Information

Natalie,

The request asks for information on 'tanks and/or storage vessels'; item B.6. Our facilities have small storage tanks that are used to store motor oil, methanol, and antifreeze. Are we required to submit information for these?

Thanks,

Dylan Foglesong
